DETAILED ACTION

Election/Restrictions

1. Claims 5, 9-20 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected embodiment, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 2/27/06.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-4, 6-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Nobakht (US 5868266). With respect to claim 1, Nobakht discloses a container with a movable bottom (Fig.'s 3 & 4, item 24).

With respect to claim 2, Nobakht discloses the container being used for food products (Col. 1, Line 16). Moreover, it has been held that a recitation with respect to the manner in which a claimed apparatus is intended to be employed does not differentiate the claimed apparatus from a prior art apparatus satisfying the claimed structural limitations. *Ex parte Masham*, 2 USPQ2d 1647 (1987).

With respect to claim 3, Nobakht discloses the bottom moving the container contents up and down (Fig.'s 3 & 4).

With respect to claim 4, Nobakht discloses the container being a jar.

With respect to claim 6, Nobakht discloses the container having an inner and outer wall, wherein the movable platform has the same shape and fits within the inner wall (Fig. 4).

With respect to claim 7, Nobakht discloses the spring being positioned between the movable platform and bottom of the container, as shown in Fig. 4.

With respect to claim 8, Nobakht discloses the spring being counter-balanced so as to move the contents upwards (Col. 2, Lines 5-13).

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.
